Mr. Weintraub:

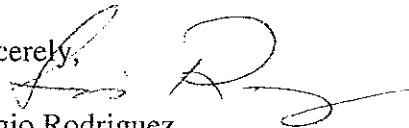

Security Management Innovations, Inc. has been providing security service for our facility for the past two months.

They performed a professional and time sensitive turn key operation that included transition personnel information, training, mandatory airport identification, and scheduling for over sixty employees.

The management staff of Security Management Innovations, Inc. has exhibited commitment, professionalism and attentiveness of an exceptional level.

I would recommend Security Management Innovations, Inc. as a security service provider which would be a true benefit to any organization they offer their services to.

Sincerely,

Sergio Rodriguez
Vice President
